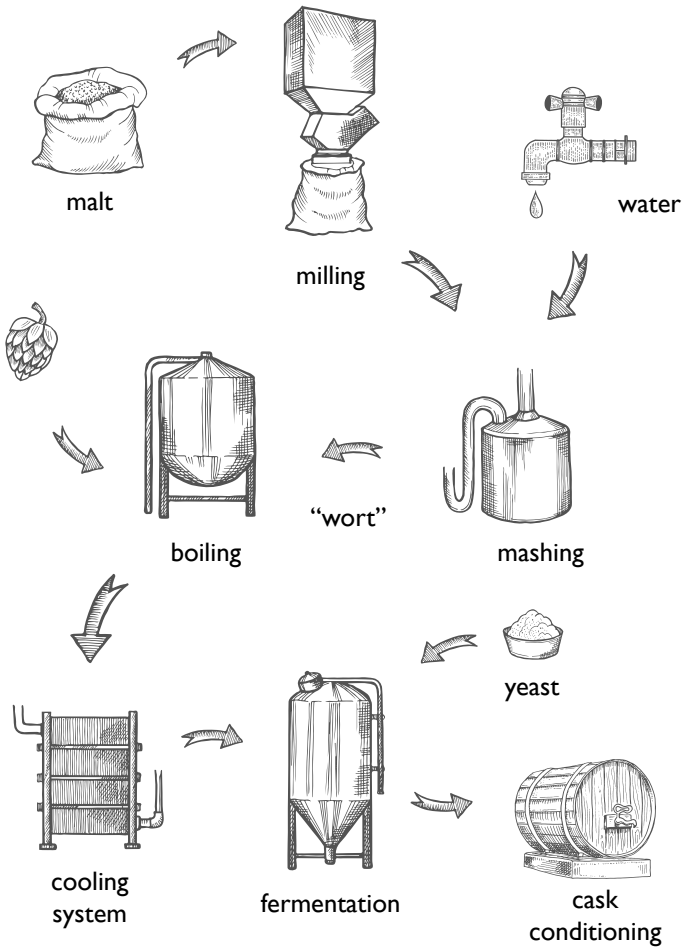
THE ART OF REAL ALE BREWING



Our hero beers are real ales. Real ale is a natural product brewed using traditional ingredients fermented to give each ale its character and strength. Each cask is delivered to the pub where it is 'tapped' and left to 'condition' for at least 24 to 48 hours before serving, to ensure we pour the perfect, bright, pint.

Andy Weaver
Head Brewer | Wadworth

BEER

We've been brewing the finest beer in Wiltshire since 1875.

We proudly pour a range of Wadworth ales and rotate through the classics as well as special editions through the year.

Ask us for what's on tap today, for special editions coming up and for recommendations.

6X
You'll always find our most famous ale on the bar. Our 4.1% classic crafted amber ale has delicious malt and fruit characters and a long malty finish.

Horizon
Our easy drinking 4% pale golden ale has zesty citrus aromas and a crisp uplifting taste.

Henry's IPA
Our English IPA delivers clean and refreshing light malt notes combined with a classic hop flavour, finishes with a crisp bitterness and sits at a gentle 3.6%.

Burnt Orange
Our 4.5% English IPA is brewed to showcase its hop aroma, is zesty in taste and finishes with robust bitterness.

6X Gold *Gluten Free and Vegan*
This 4.5% hoppy & refreshing ale has sweet malt and spicy notes on the palate, with a zesty citrus aroma.

We're proud of our heritage and the beers we produce, and we are always keen to support our fellow brewers and also keep evolving ourselves.

If cask ale is not your thing then we have keg ales as well as lagers and ciders for you to enjoy, as well as plenty of choice in our fridges.

Sustainability is at the core of Spy Valley's practices. To promote biodiversity in its farms, the winery has planted around 700 native trees in the lower Wairau Valley alone. The health and quality of their grapes is very important, and this is ensured using low-toxic in the winery and vineyard.
